Sofia

The Sofia collection includes a large dense looking table with seating for 10. The accompanying chair is designed, in contrast to the table, with graceful and elegant lines and utilizing a mix of softer in appearance materials.

Winsor

A variation of a classic design and with the utilization of different materials over an aluminum frame , the Windsor has a soft like appearance and feel.

Balloon

The whimsical Balloon collection offers both dining and occasional seating that marries form and function into a new look in outdoor seating.

Hamptons

HAMPTONS contemporary design features a large-scale basket weave coupled with a matching scaled aluminum frame. In addition, what makes this sofa set special, is that all the arms and backs are removable, which offers more arrangement options. Designers have countless fabric and frame color options to choose from.

Gazebo

Gazebo is an awning that is constructed with an aluminum frame and Textilene fabric options. The roof has a pulley and track, easy for the user to adjust according to different weather conditions and offers a degree of privacy that some will enjoy.
